1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In claim 7, line 11, the language --said-- has been inserted before "second".

On page 1, line 3 of the specification, the language --, now U.S. Patent 6,724,490 ,-- has been inserted before "which was".

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest an image capturing apparatus and distance measuring device for obtaining information regarding a depth of a subject, wherein an illumination unit is operable to cast a first illumination light beam, having a first wavelength as a main component, and a second illumination light beam, having a second wavelength and a third wavelength as main components and said first and second illumination light beams are modulated such that intensities of said first and second illumination light beams are changed along respective traveling directions in combination with the other limitations of claims 1, 5 and 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
